

Orlando Junior Academy

2021-2022 Enrichment Program Information

Orlando Junior Academy offers a quality Enrichment Program for students to continue their learning beyond regular school hours.

Students will benefit from the structured rotations during the afterschool program: study/homework time, tutoring, recreational outdoor activities, and other academically enriching opportunities.

Parents will benefit from the peace of mind knowing that their child is receiving the same careful attention after school as they receive during the school day. You have our assurance that your child will be safely cared for by an engaged staff that will ensure that our values and standards are being upheld in the OJA enrichment environment.
