

Greetings from Orlando Junior Academy

This document will help you prepare your child to take the MAP Growth test. Please be available at the following times to support your child's testing:

MAP Assessments | Sept 14-25, 2020

What is MAP Growth?

MAP Growth helps teachers understand what students know today, so goals can be set to improve growth throughout the year. **Students cannot pass or fail this test.**

This test will not affect grades. In fact, it's normal for students to only answer about half the questions correctly. **Please don't help them!**

Given the challenges of learning from home, MAP Growth test results are especially helpful for us this year. **These results will help us know what students are ready to learn.**

Test Preparation

Do This The Week Before MAP Begins

1. Make sure your device has an internet connection
2. Disable pop-up blocking on your internet browser
3. Make sure your device meets testing requirements using the Workstation Diagnostic Tool [check.nwea.org](https://www.nwea.org/resources/assessment-workstation-diagnostic-tool)
4. Make sure your child has headphones
5. Watch the MAP Growth Intro Video [studentresources.nwea.org](https://www.nwea.org/resources/assessment-workstation-diagnostic-tool)
6. Practice the test on the **iPad NWEA App** or on a web browser at [practice.mapnwea.org](https://www.nwea.org/resources/assessment-workstation-diagnostic-tool)
